143 Museums

Inspiring

Paris Region is a popular setting for the shooting of French and international films, series, and commercials

A Population in Good Health

Paris Region has the largest hospital system in Europe and the French health care system consists of a fully integrated network of public hospitals, private clinics, doctors and other health care providers.

It is unique in the world as it is universal. Everyone receives the same high-level of care and treatment regardless of income. Contributions are paid through social security contributions deducted from salaries. Since 1990, the health status of Paris Region’s inhabitants has improved: life expectancy at birth has increased and general, premature and infant mortality has decreased.
